

Exclusion- Enforced Inclusion

February 9, 2022

When the prime minister of Canada told the world that “Building Back Better means” not only helping the “most vulnerable” but also “maintaining our momentum on reaching the 2030 Agenda for Sustainable Development,” it might behoove us to look it up.

It’s not a secret.

It’s part of what Davos globalist Klaus Schwab calls “The Great Reset.” And the links between Schwab and Justin Trudeau are not tenuous:

Justin Trudeau couldn’t help himself, condemning “the antisemitism, Islamophobia, anti-Black racism, homophobia, and transphobia that we’ve seen on display in Ottawa over the past number of days,” he proclaimed in a tweet.

“what we’re really proud of now is the young generation like Prime Minister Trudeau,” gushed Schwab weeks ago.

Well, Trudeau really had a chance to prove his Klausian globalist mettle last week.

Trudeau had indeed leveraged the coronavirus pandemic to institute tight statist controls on the Canadian population, right out of Schwab’s playbook.* But his vax mandate for truckers led not merely to supply-chain problems in the U.S. and Canada, but also to the massive convoy protests in Ottawa.

So how did Schwab’s proud privileged prodigy perform?

First, he went into hiding. And then, while the protesters were explicitly directed against the vaccine mandates — notwithstanding the fact that 90 percent “of Canada’s cross-border truckers . . . has had two shots” — Justin Trudeau couldn’t help himself, condemning “the antisemitism, Islamophobia,** anti-Black racism, homophobia, and transphobia that we’ve seen on display in Ottawa over the past number of days,” he proclaimed in a tweet. “Together, let’s keep working to make Canada more inclusive.”

Well, mandating vaccines is *forced inclusion*, the ominous part of the Schwab/Trudeau agenda, enforced by *exclusion*.

No wonder the growing opposition, sporting anti-Klausian signs such as “Mandate Freedom.”

This is Common Sense. I’m Paul Jacob.

* The 'book in question being Schwab’s explicit program in *Covid-19: The Great Reset*.

** Some participants are undoubtedly many of those phobic things, but evidence at the rally? Scant. As Tucker Carlson pointed out in his coverage, the protesters even shoveled snow and picked up trash after themselves.
