

## We'll Keep It

December 6, 2022

An answer is warranted.

When a former president of these United States asks a question of such magnitude, as Donald J. Trump did last week on Truth Social, how can we not respond?

“So, with the revelation of MASSIVE & WIDESPREAD FRAUD & DECEPTION in working closely with Big Tech Companies, the DNC, & the Democrat Party,” Mr. Trump inquired, “do you throw the Presidential Election Results of 2020 OUT and declare the RIGHTFUL WINNER, or do you have a NEW ELECTION?”

Trump is, presumably, referring to Elon Musk’s recent release of information about FBI communications with Twitter during the 2020 campaign, with the Feds suggesting that stories about the Hunter Biden laptop were likely Russian disinformation — even though the

***So, let’s answer Mr. Trump’s questions. “No,” per declaring him the winner and sending President Biden packing.***

FBI knew at the time that that it was Hunter’s laptop. For the FBI to work to discourage media platforms from providing such information to the public is deceptive and wrong. It should be investigated and, depending on the evidence, prosecuted to the full extent of the law.

Such collusion is even more destructive of our

democratic system when done with partisan political motives. Which may now be SOP at the Bureau.

So, let’s answer Mr. Trump’s questions.

“No,” per declaring him the winner and sending President Biden packing. And a no-go on a new election. Of course, there is one in 2024, and Trump is a declared candidate.

Yes, the news media is largely dishonest, drunk with their power and deluded into thinking they should keep information from us if it might make us vote contrary to their desires. Moreover, the Deep State is actively colluding with them (and vice-versa) to warp public opinion.

Trump argues that this new information “allows for the termination of all rules, regulations and articles, even those found in the Constitution.” He’s dangerously mistaken.

Who would “terminate” these laws and constitutional provisions? His dear friends in Congress, The White House, the FBI and DOJ? Unelected judges — who’ve already ruled against his campaign? A mob, pray tell?

No, thanks. That Constitution? We’ll keep it.

This is Common Sense. I’m Paul Jacob.
